## Question: 1

What are the four reasons one might create a technical product entity in Vlocity Order Management?

- A. 1. The commercial product entity cannot fully describe the product entity in terms that can be understood by the downstream systems.
- 2. The details of the product entity should be masked from the customer.
- 3. The product entity maps to a multitude of underlying products, services or resources.
- 4. To consolidate the number of callouts to a downstream system.
- B. To adhere to TMForum / SIDs product modelling best practices.
- C. To create a fully articulated product hierarchy.
- D. Because Vlocity Order Management requires technical products and their attributes to describe commercial products in terms that can be understood by downstream systems.

**Answer: A**

## Question: 2
